

FOR IMMEDIATE RELEASE

## WHO SAYS THERE'S NO FREE LUNCH?

**Singapore, 27 February 2009:** NextVIEW, the fastest growing pan Asian financial information data vendor and Kim Eng Securities, Asia's leading securities and investment broker will be hosting a free lunch to teach interested parties how to make money in markets everyday with minimum capital in the current volatile market.

The lunch is a preview to Powertrades™ trading strategies, a 6 months training program for serious traders and investors who want to learn how to win in the financial markets with a short term time frame. Powertrades™ is designed to empower investors and traders with the necessary knowledge and skills to identify trading opportunities and create the correct trade plan to profit consistently from those opportunities.

There will be a special feature from Kim Eng Securities, Senior Vice President (Products), Kenny Lo about how traders can use CFDs (Contracts of Difference) to take advantage of the current market volatility.

The free lunch and full day workshop is set to take place on 7 March 2009, from 9:00am – 5:00pm at the NTUC Auditorium located at the NTUC Centre has already received an overwhelming response from investors and traders of all levels.
